The Forest Service uses the most current and complete data available. GIS data and product accuracy may vary. They may be developed from sources of differing accuracy, accurate only at certain scales, based on modeling or interpretation, and incomplete while being created or revised, etc.

Using GIS products for purposes other than those for which they were created may yield inaccurate or misleading results. The Forest Service reserves the right to correct, update, modify, or replace GIS products without notification.

Designation of a road, trail or area for motor vehicle use by a particular class of vehicle under 36 CFR 212.51 is not represented on this map. It is the responsibility of the user to acquire the current Motor Vehicle Use Map (MVUM). The MVUM identifies those roads and trails designated for the motor vehicle use under 36 CFR 212.51 for the purpose of enforcing the prohibition at 36 CFR 261.13.
